## RTS Success® Student Homework Contract

Students are required to spend 20-30 minutes each day (school year) or 45-60 minutes each day (summer session), at least five days per week on RTS homework. Homework is to be completed daily; chunking the homework into several days will not provide the same results. Homework practice for the first month is 7 days per week. Thereafter, homework practice is at least 5 days per week. Daily practice is essential for success.

On the day of your scheduled appointment, it is critical to review corrected work or work that was completed together for five minutes prior to retiring for the evening. Before attempting to complete any new homework the following day, students must review by testing themselves on all corrected work, even if it takes one entire homework session. *Reviewing work within the first 24 hours is essential for reinforcing the strategical "pattern" for learning.* Once all session work has been reviewed, continue with the daily assigned work.

*Unlimited homework help is available via email or Google Drive, Monday-Friday*, with responses within 24-hours. Homework services assist students through any challenges, preventing frustration. Lesson videos, online worksheets, and quiz practice are available via RTSuccess.com., 24/7, with a supplied user ID and password.

*Homework help is not for reteaching tasks because students have not kept up with daily homework, which is essential for retaining skills.* Homework help is to alleviate frustration so that students can progress with their homework during the week, not to check homework, which is part of session work.

Homework questions are via Google Drive comments, and for ACT, via email. Students must also prepare to come to each session with a folder containing all RTS Success® printed supplements. You will be reviewing these printed materials during weekly sessions. *Our work together is result-driven; therefore, completing homework and having access to all RTS Success® documents is essential for succeeding with each lesson.*

Also, it is imperative that students feel comfortable during RTS Success® sessions. Please address Cindy and all RTS Success® coaches by their first names. Positive and secure relationships create an optimal learning environment. Along with completing daily work, speaking freely with open communication and inquiry is essential for the most expeditious RTS Success® learning experience.

I have read this document and I understand the terms of RTS homework expectations.
