We Translate to See

First:

1. **PARSE**—analyze images to see. Then, slash/chunk each image.
 - Do not slash an entire sentence and go back to reread.
2. **Without looking, GROCERY LIST**—add all images for translation.
 - ❖ Translation = 1 noun + 1 verb or side-by-side

Next, verify:

1. **Noun/gerund = first word = closest image doing result**
 - NO PRONOUNS (unless no noun)
2. **Verb = second word**
3. **“LEMONADE THEORY”**: add information for exact and vivid image
4. **RED WORD: “As” + translation = result**
5. **UMBRELLA**— all words connect within the translation
6. **What did what? What is what?**
7. **Translation = 3-6 words (generally)**
