1. **Students must record their completed daily work, outlined in the RTS Success® Homework Directives Email.**
2. **Document homework specifics (see example above).**
3. **Specifics are always *measurable and can be seen, like reading!***
4. **Homework during the school year is 20-30 minutes daily and 45-60 minutes per day during the summer months (when most students are not in school).**
 - **Documentation of homework is not included within the time.**
5. **Students must commit to practicing RTS at least 5 days per week, but the first month is 7 days per week.**
6. **Monitor Progress Daily:**
 - **Time yourself on the amount of time that you spend on RTS homework. Record that time next to “AMT:”**
 - **Be honest with yourself. If you have a bad week, promise yourself to do better the next week! If you did zero minutes, place a “0” next to “AMT:” and leave the box above blank.**
 - **Remember: RTS Success® is not school—this program is all about you!**

7. Students must schedule a regular and alternate daily time for schoolwork.

❖ Set a daily cell phone alarm as a reminder– **very important!**

RTS Homework Time: _____ to _____

Alternate Homework Time: _____ to _____

Alternate Homework Time 2 (if needed) _____ to _____

8. Complete homework daily, Monday-Friday, like a work week (after the first 30 days).

- Students that prefer to also work on weekends should either mark multiple times, or, add the weekend and Friday times together (see example).
- If you missed a day during the week, or, you did not complete the full amount of recommended time, the work rolls over to the weekend (behavior modification).
